Sometimes getting as much as 80% of the University’s journal article output voluntarily deposited.

As demonstrated, effective advocacy and development can result in 60%+ coverage of peer-reviewed journal output. For institutions that are reluctant or not yet ready to introduce a mandate, it is still possible to maintain a well-populated, well-used and sustainable research repository.

Questions: Is a mandate the only way? (Evidence from a self-archiving, non-mandated repository)

Answer: As demonstrated, effective advocacy and development can result in 60%+ coverage of peer-reviewed journal output. For institutions that are reluctant or not yet ready to introduce a mandate, it is still possible to maintain a well-populated, well-used and sustainable research repository.
