OU approach – distance learning

- Learn at home/in your local area
- Learn while you work
- Utilising technology
- Low-cost learning
- Learning package => online
- Learn + keep supporting your family
- High quality materials
- Supportive & social
OU International Development Programmes

- Teacher education
- Health
EIA guiding principles

• Poverty reduction – economic impact (DFID, 2005)
• Knowledge partnerships for development (ibid.)
• Inclusion
• Participatory – re-usability – sustainability
• Localisation
EIA approach: Open Education Resources (OER)
Localisation of teacher development and educational activities

HOW
Capacity building at local level: RME, Training, MD, Media
Bilingual materials – audio, video, support
Filming based - real situations: teachers and students not actors
Materials based on the NC existing textbooks and curriculum

Institutionalisation phase: MoE and EIA partnership:
Teacher Development (English - ICT) , Materials Development, RME

Media component (BBC Janala)
Questions - Discussion

• How relevant is this use of technology in your professional context?

• How could this (mobile phone) help you in your professional environment?

• How would this help learning (for teachers and students) in your educational context?

• How have this workshop made you think about your teaching and learning environment?
Self-study mobile & print-base

Sharing with peer
2 T per school & 15-24 schools per cluster

Self & peer-reflection

Try in the classroom
Own classroom

Reflection in Cluster Meeting
TF & teachers in same areas

T new learning
EIA intro workshop
EIA materials in schools:

Audio in the classrooms with other print-based materials
How do we use the mobile phone?
