Google expeditions and fieldwork: Friends or foes?

OU: Ana-Despina Tudor and Shailey Minocha
FSC: Steve Tilling and David Morgan
GA: Becky Kitchen and Alan Kinder
ASE: Marianne Cutler and Richard Needham (also at Vicia Learning Solutions Ltd.)

Funded by Google and The Open University, UK

7 January 2017
Agenda

- What is virtual reality?
- Google Expeditions
- Our research goals
- Demo
- Individual activity
- Group discussion

What is virtual reality?

A simulated environment on a computer or mobile platform (e.g., smartphone, tablet):

- Second Life
- Virtual Skiddaw: 3D Geology Field Trips (Unity 3D)
What is virtual reality?

A simulated environment on a computer or mobile platform (e.g., smartphone, tablet):

- Second Life
- Virtual Skiddaw: 3D Geology Field Trips (Unity 3D)
- Head-mounted Displays
- Viewers
- Mobility

Google Expeditions

- Tablet
- Smartphone
- Cardboard Viewer
- App
Google Expeditions

- Photospheres (360° view)
- Three-dimensional representation
- Real places or simulations
- First person exploration

Our research goals

- Whether and how virtual reality-based Google Expeditions (GEs) can be integrated in the Science curriculum (classrooms)
  - Teaching science concepts and phenomena
  - Support inquiry-based learning and students’ curiosity
- Whether and how virtual reality can support CPD of teachers
- Recommendations for the user interface design of GEs
**Our research goals**

- Whether and how virtual reality-based GEs can support physical field trips

---

**How you could help us?**

- Trying it out today **(Demo)**
- Thoughts on fit with the curriculum and with physical fieldwork
Think of one of the difficult concepts in Science:

How could Google Expeditions (or Virtual Reality, in general) help you to teach that concept?

How could Google Expeditions support the development of fieldwork skills?
Group discussion

Pre-physical field trip

How could you use Google Expeditions before a physical field trip?

Group discussion

During a physical field trip

For which scenarios would you use Google Expeditions during a physical field trip?
How could you use Google Expeditions after a physical field trip?

What are the challenges that you would face in integrating Google Expeditions in your curriculum?
